

Central Family YMCA

2008-2009 Before & After School Care

At the YMCA, we don't just watch your children play. We actively engage them in fun programs, physical recreation and activities that emphasize character development and Christian values! We build relationships with them and encourage them to build relationships with each other. Through our youth programs children learn to be honest, responsible, to respect and care for one another!

Our programs are led by a responsible and energetic staff of adults, college and high school students. Each staff member is carefully selected through a comprehensive application and interview process - under the direction of full time YMCA professionals. Staff are fully trained with an emphasis on YMCA priorities such as being an exemplary role model, building self-esteem, creativity, safety, fun and YMCA spirit - our programs are effective because of the quality of our staff!
